## **NDDOT finalizes 2012-2015 Statewide Transportation Improvement Program and begins next planning cycle**

The North Dakota Department of Transportation (NDDOT) 2012-2015 Final Statewide Transportation Improvement Program (STIP) is now available. The STIP is a four-year program of transportation improvements to be funded with federal highway and transit monies. Improvements include state and county highways, urban streets, roadway safety features, bikeways and busing programs.

An electronic copy of the Final STIP is located on the NDDOT website at [www.dot.nd.gov](http://www.dot.nd.gov) by clicking on the Manuals and Publications icon on the left-hand side, then clicking on the "Final STIP 2012-2015" link under the Plans and Reports section. Copies will also be available for viewing at the district offices, or individual copies may be obtained from the NDDOT Programming Division upon request.

The North Dakota Department of Transportation is also requesting public comments as it prepares the 2013-2016 STIP. Public comments for any upcoming projects are being sought until February 9, 2012. If you have any comments, or projects you would like to see in the near future, contact your area NDDOT District Engineer listed below.

**Kevin Levi - Bismarck District (701) 328-6950**  
**Wayde Swenson - Devils Lake District (701) 665-5100**
